

Dear Xenia Council,

I am writing to show my support for the proposed DORA. My wife and I live at _____Xenia, Ohio and are in our late 30's. We visit Xenia businesses, including the proposed DORA district, often. I was excited to learn of the proposed district and disheartened to hear some were opposed to this idea. I believe this would be a good tool to attract more businesses and my wife and myself would utilize this, especially if able to enjoy a beverage while attending events like we have in other cities that have allowed this. I appreciate your time and hope you will vote in favor of the proposed DORA as I believe it would be a beneficial thing for Xenia.

I appreciate your time and consideration.

Dear Xenia Council,

We encourage you to approve the proposed DORA for the City of Xenia. We have attended events in other communities that have this and have thoroughly enjoyed the experience. With the city planning to redo / update Xenia Towne Square, having a DORA already in place could encourage new businesses to locate here. Thank you for your time and we hope you will vote in favor of the proposed DORA for Xenia.

Sincerely

Dear Xenia Council,

I personally hope you approve the DORA for Xenia. It would be really good for events like the Food Truck Rally if we could get a drink and some food and stick around for some shopping downtown. not just pick up our food and go home to eat. Xenia can grow but it needs to keep up with other communities that are doing this. Please vote YES for DORA.

Thank You,
